DIPLOMA
OF MENTAL
HEALTH

CRICOS COURSE
CODE: 089594M
Mental Health conditions have been steadily increasing in Australia with 1 in 3 Australians experiencing some form of mental disorder at some stage in their lives, and 1 in 5 Australians experiencing a mental illness in a 12 month period.

This nationally recognised qualification would suit those who are looking to develop specialist skills to work with clients who face challenges with their mental health. It would also appeal to those who have some work or volunteer experience in community services or health and want to branch out into mental health work.

4Life College’s delivery is a blended mode using a variety of methods to provide a rich and engaging learning experience for learners.

With this qualification you will be able to:

› Implement community-based mental health activities and promotions.

› Engage clients in community participation.

› Prevent client relapse.

› Promote recovery through community, clinical, home-based and centre-based programs.

No matter what your reason for taking this course, we are here to help you succeed in achieving your goals.
Why select 4Life for your Diploma of Mental Health?

This mental health course gives you the knowledge to maintain a therapeutic alliance with clients displaying mental health issues. You will undertake simulations, role plays and demonstrations in how to be supportive, empathic and culturally appropriate when working with clients to enable them to have a structure, skill building strategies and support to enable steady progress throughout their recovery.

We cover the basic skill sets you will find in all VET courses, and extend these using current evidence-based practices.

Is the career path right for you?

If you are passionate about helping others and have a genuine desire to develop specialist skills to empower and educate clients who face challenges with their mental health, then this is the career path for you.

Career Opportunities

Blended delivery model which has:

Entry Requirements

Whilst there are no pre-requisite units to gain entry into this qualification, it is recommended that potential learners hold the following unit prior to commencing this course or willing to complete before work placement: HLTAIM003 Provide First Aid.

It is also recommended that you have at least one qualification in the Community Services/Health field. This will enable learners to broaden existing knowledge to assist clients they currently work with, or develop skills to broaden work opportunities in this sector. It may be difficult to find work with just the Diploma of Mental Health without any related Community Service/Health qualifications or Australian experience in this industry.

This course requires you to read textbooks, learner guides, articles, handouts and assessments. You require a level of English proficiency to participate in class discussions and simulations with your trainer and fellow learners.

English Language Requirements

IELTS score 5.5 or a TOEFL score of at least 550, or at least 190 in the computer-based TOEFL.

Or completion of English language test available on campus.

Age: 18 years and over

Education Requirements: Year 11 or equivalent

IT Requirements

This course requires learners to have the ability to access a reliable internet connection to access our student portal. You will need Microsoft Office or similar and be able to use basic Word and Excel programs. Our on-line portal can be accessed through computer and mobile devices.

Work Placement

This qualification has a minimum of 160 hours of work placement at an approved agency in the Mental Health sector. Industry experience gives you invaluable real-life skills.

4Life will assist you to find a suitable host employer to undertake your work placement. However many students find work placement themselves near where they live.

Workplace assessment involves evaluating the performance of a range of practical skills under actual workplace conditions and over several occasions. Before undertaking work placement you will practice these skills under the supervision of your trainer in our simulation lab.

Students currently employed in an appropriate workplace may complete their assessment requirements within their own workplace.

Workplace assessments consist of three individual parts:

a) Logbook, which requires the learner to document the hours worked including a range of practical tasks observed by their buddy or supervisor.

b) Observation by their trainer carrying out a variety of tasks while working with their clients and/or other team members.

c) Written assessment tasks that vary from reflection to writing case notes, understanding organisations operations.

Insurance

4Life College provides insurance cover for the compulsory work placement and will provide an insurance certificate to your host employer.

Additional Requirements

Prior to commencing work placement there are a range of requirements that you may need to meet. These include:

National Criminal Record Check

8 weeks before commencing work placement you will be required to undertake a Criminal Record Check (CRC) to obtain a National Police Certificate.

Commission for Children and Young People (CCYP) Student Declaration

Learners may be required to sign a CCYP Student Declaration if working with children under the age of 18 years.

Immunisation

It is recommended but not compulsory that students have the following vaccinations

› Hepatitis B
› Tetanus

Please note that the above costs are the responsibility of the student and not included in course fees.
