This course is for enterprising individuals who want to be the next leaders in innovation and creative business ideas. This course will assist you to develop skills to become an entrepreneur and start or expand your own business. This is a very practical and ‘hands on’ course. Students will develop their own business plan and have the skills and knowledge needed to launch a new venture by the time they successfully complete the course.

The course is not only for students who are interested in starting their own business, but for those who wish to be innovators in the business world. Starting a new segment of a business or launching a new product requires the same skill set and process. Innovation and creativity are the drivers for future business development.

In this course students will look at what makes an entrepreneur and how students can develop these skills. Creative thinking, idea development and innovation will be covered. The course will look at financing start-ups, strategies to develop a budget, market research, marketing and e-business options, plus how to develop your own business culture and gather the best team to help you in your venture will also be covered.

4 Life will be with you every step of the way with weekly classes, class mentors, specialist trainers, networking and monthly guest speakers who are Australian leaders in entrepreneurial activities. Students will use our online student portal to access their class notes, assignments, keep track of their work and communicate with their trainer and other class members. We are committed to keeping every student engaged in the course and providing an entrepreneurial community that will provide amazing networking opportunities. Networking is the lifeblood of any entrepreneur.
Why select 4Life for your Diploma of Business?

Your course: This is a highly interactive course using the latest material and your trainers have a wide range of industry skills and experience. This area of study quickly changes and innovates. We will make sure that we are giving students the latest information and have guest speakers who are currently active as entrepreneurs in a variety of fields. Our student portal not only gives you access to the latest material but gives students a chance to interact and network.

This course will provide you with the real skills to start a business or launch a new product or service. It is ‘hands on’ and we will help and guide you along the way and ensure that the course enables you to develop your own business idea.

Entrepreneurship

Entrepreneurship is for those who want to innovate, create opportunities and new ventures. You do not have to be an extrovert, but you do need to be hard working, passionate and ready to take on a challenge.
